

Respected dignitaries on the dais, ladies, and gentlemen,

Good evening to all.

With a heart full of gratitude and pride, I present to you the School Annual Report for the academic year 2024–25. At our school, we live by the motto: *“Every day is a good day. There is something to learn, care for, and celebrate.”*

This Annual Report provides a comprehensive overview of our progress, highlighting the milestones, academic achievements, and extracurricular triumphs that shape our vibrant learning environment. It is a testament to the collaborative efforts of our management, educators, diligent students, and supportive parents who have come together to foster a culture of excellence. We stand by our pledge to bring out the best in every child, reaffirming that *“Every child in this school is an asset.”*

Excellence, as we believe, is the result of high intention, earnest effort, skillful execution, and the vision to see obstacles as opportunities. Through consistent practice and progressive learning, we aim to nurture talents and skills that prepare our students for a bright future.

I would like to elaborate on the key highlights of this year.

Teacher Empowerment and Parental Orientation

Our teachers participated in several capacity-building sessions conducted by CBSE, Sahodaya, and other expert organizations. Esteemed resource persons such as Mr. Sunil D. Kuruvilla, Mrs. Lisseu Flower Antony, and Father Sanal Jose enriched our teachers through three sessions on innovative teaching strategies. Additionally, parents of newly admitted students were oriented on the 26th of May to familiarize them with our educational methodologies.

Academic Milestones

The academic year commenced on the 20th of May, 2024, with an inspiring performance by the Little Earth Theatre Group. We upheld our motto, *“Celebrate Learning,”* throughout the year. The Investiture Ceremony, held on the 31st of May, instilled leadership qualities in our students as they took on various responsibilities.

We are proud to announce that our students performed exceptionally well in the Class X board exams, with 19 out of 41 students securing above 90%. Our topper, Neeharika Sujit, achieved an outstanding 97.4%. The four periodic tests, along with the Midterm and Annual Examinations, equipped our students to face the competitive world and excel. Regular PTA meetings and remedial classes further ensured academic success.

Cultural and Co-Curricular Achievements

Our 4-month-long cultural extravaganza, **Spectrum**, was a grand celebration of talent. Students excelled in 149 competitions across literature, art, speech, performing arts, and quizzes. Their participation in inter-school competitions added to their accolades.

At the district-level Sahodaya Fest:

- Amit S. Pulikkotil of Class 9 won first place in Digital Painting.
- Naina Nahas of Class 9 secured second place in Story Writing.
- Mariyam Faris Nalakath of Class 10 won first prize in the Mono Act and secured second prize at the state level.

Ehaan Sijo of Class 1 made us proud by winning third place in the Thrissur Sahodaya Math Olympiad.

Four of our students qualified for the finals of the ELPSE, the English Language Proficiency Exam. Additionally, our students excelled in competitions conducted by the Comates Circle, Kunnankulam.

Our quiz teams shone in the **Time Quiz Competition** and secured the second position at the district level in the **Federal Bank H&C All Kerala Quiz Competition 2024–25**.

We are immensely proud of our students' achievements.

Skill Development Initiatives

To ensure holistic development, we conducted innovative programs like Robotics and AI classes for Classes VI–X.

Our regular morning assemblies nurture intrapersonal intelligence, featuring segments such as:

- *World Panorama*
- *Luminous Minds*
- *Speeches on Selected Topics*
- *Quiz of the Week*
- *Quiz Corner*
- *Group Recitations*

The **Shaan Rehman Music Conservatory**, Kochi, visited our school and demonstrated how music, theatre and cinema enhances learning and serves as effective tools for language and theme-based learning.

Programs like the **Star Reader Program**, promoting a goal of reading 15 books annually, and the **Spic n Span Program**, fostering cleanliness, teamwork, and responsibility, contribute to our students' holistic growth.

Our quarterly school magazine, *News and Views*, showcases the creative abilities of all students from LKG to Class 10.

Students also participated in a session on creating decorative articles with balloons, enriching their artistic skills.

The wide range of activities integrated into the curriculum demonstrates how our children are growing into multi-faceted individuals.

Sports, Agriculture, and Festivities

Our sports events emphasized teamwork, resilience, and healthy competition. Inter-house football matches and pyramid displays were the highlights, and all 59 events ensured 100% student participation.

Agriculture remains integral to our curriculum. Activities like planting saplings, harvesting crops, organic farming, and preparing dishes from the harvest instill a connection to nature and sustainability.

At Excel, we celebrate days like **Reading Day**, **Independence Day**, **Teachers' Day**, **Environment Day**, **Onam**, **Children's Day**, **Gandhi Jayanti**, and **Christmas** by organizing special events that commemorate their significance.

Recognitions and Future Aspirations

Our Principal, Ms. Anila Philip, was recognized as one of the **Best Principals in Kerala** for Innovation and Administration by FAP India. Our teacher, Mr. Binu K. K., was honored by FAP India for his innovative teaching strategies.

At Excel, we believe education extends beyond the classroom. We remain committed to nurturing creativity, critical thinking, and character development. Together, we aim to create disciplined, competent citizens who contribute to the betterment of our nation.

As I conclude, let us remember: *"A dream you dream alone is just a dream. A dream we dream together is a reality."* Let us continue to dream together for a brighter future.

Thank you.
